CUSTOM FIT FURNITURE COVERS

Our luxury furniture covers are custom designed to fit each piece in the Bernhardt Exteriors collection, giving you an extra layer of protection for our stunning outdoor furniture designs. The covers are durable, yet lightweight and breathable, offering a strong defense against moisture, UV rays, mold, mildew and dust.

FEATURES

- Covers are constructed of Sur Last, a 100% solution-dyed 600 denier woven polyester, finished with a solvent-based, water repellent treatment. This specially formulated urethane coating is gentle on sensitive surfaces.
- The breathable fabric features a high mold and mildew resistance when covering furniture and cushions that have been properly cleaned and dried.
- Covers resist water, shrinking, fading, UV rays, and severe weather.
- Incredibly durable, the covers are tear-resistant and stretch-resistant, beautifully holding their shape thanks to their tensile strength in both warp and fill directions.
- Table covers include tenting pieces that will allow water to drain away from surfaces.
- A tailored cover is available for each sectional component and easily zips to the next piece to ensure the entire sectional is protected.
- Covers stay securely in place with straps and a self-release buckle or pull cord.
